Part 1

Hi,

Yes I also think so. We can work together for this science presentation. Actually no, but I think it's better to choose another topic related animals. I think that would be good than a presentation about rainforest.

Yes, we don't have much time. But Sorry to tell that, I can't start by tomorrow. Because I have to go to meet dentist. I think It takes much time.

We can start our presentation now onwards. I mean, by online and we can meet tomorrow after for correct the mistakes and to find new suggestions. We can meet at my home. I'm free ~~in~~ after tomorrow. So you can come to our home at any time.

We can give our presentation to our class in the morning.

Reply me, If there is some issues.

Part 8

Jack climbed out of the boat and ran fast as he could to the beach because there were lots of sea shells on the sand. He picked up some of beautiful shells. While he was catching those, he saw a beautiful stone which ^{was} ~~is~~ shining because of the sun. He took it and ran to his parents. He showed it ~~for~~^{to} them and asked "Dad what do you think about this, is it ~~a~~ just a stone or diamond" His father thought to take this to the diamond shop to check whether it ~~was~~ a diamond or not. But finally the shop owner ~~told~~^{said} that ~~it~~^{it} wasn't a diamond and just a beautiful stone. After they came to their house with a sad and funny mixed mood.
