Hi Jhon,

Great! Mee too, I really like birthday parties. The best thing is that I'm, free on Saturday. I also think ~~a~~ having a garden party is cool. The ^{whole} weather will be okay!

I think we can order some food also we can have ~~the~~ amazing music. I suggest having a barbecue is cool, because I love them.

Yes of course a friend of me told that he loves watches and stationaries, because his notes are filled with colourful pens.

Best wishes!

Cheers!

Smart phones

- Smart phones are very useful that we can use it anytime but, it's little bit expensive. Anyway, I use my phone when I have a free time and the best of using phones of my life is listening to music because it make me feel so happy and calm, but I don't know why. Specially I use it everyday to joining my classes, to do home work and to get presentations because in our school teachers are always giving presentations for us. I think that phones will change our future because, in the present lot of people use them but the problem is that there's also disadvantages of using smart phones. Lot's of children in the present always in the phone and don't based on their studies, also it makes our eyes weak. We can use it for good then it will be okay, so smart phones have advantages and advantages also, because of that I'm telling that it is useful, as well as it is some times not.
