B. **The British Museum** Since it opened in 1759 - the first ever national museum for the public - the British Museum has been displaying global objects discovered by British explorers, including the Rosetta Stone and the Parthenon sculptures. The museum has over eight million objects in its collection, 50,000 of which are on display. It also has a really good cafe if you want somewhere different to go for lunch.

PART 3 Questions 11-15

For each question, choose the correct answer.

My new hobby - gardening

by Beth Collins

A garden is much more than just creating a beautiful environment. It can be a way to save or even make money and, more than that, it can be a place where you can express yourself. For me it's a bit of all these things. I know it may sound strange for a 13-year-old to be interested in gardening but I always have been and I would love to make a career out of it.

I have learned many things these past few years I have been reading about and doing some gardening. So, here is my top advice about gardening. First, you do not need to spend a lot of money to have a beautiful garden. Some of the gardens I think are the prettiest are just lines of plants. There aren't many garden decorations and pathways. It's just beautiful plants loaded with fruits and vegetables. We can also find many useful things for free, from pieces of old wood, to old pots and pans. Or, we can build things for free from materials that other people have thrown away.

If you just remember that planting way more than you need will take the stress away of losing some plants, you will save

yourself a lot of worry, too.

You need to ask yourself, which plants produce enough food to make them worth growing. I actually sat down and did the maths on that one this spring. It amazed me what some plants were worth. A tomato, for example, can produce £50-£150 worth of fruit. It takes up a lot of space but that's a lot of money coming out of a 50p seed! So if I had known sooner what each plant could save us, I would have told my parents to fill our garden with different plants.

And finally, gardening doesn't have to be all or nothing. But then I guess that's more of a personality weakness than anything. I struggle with doing things a little at a time. Once I decide to do something, I usually devote every waking hour to it for a little while and then get tired. So it's okay to just have one tomato plant, and it's okay to have an off year. It will save you a lot of stress.

11. Beth wants to express
 - A. how designing your own garden should be hard work.
 - B. how gardens can mean different things to different people.
 - C. the importance of selling flowers to make money.
 - D. how gardeners have the best job when it comes to profit.
12. How does Beth describe her perfect garden?
 - A. decorative
 - B. colourful
 - C. simple
 - D. complicated
13. What advice does Beth give to future gardeners?
 - A. spend lots of money to make your garden perfect
 - B. use what you can find around you
 - C. refuse to spend any money on your garden
 - D. ask other gardeners to help you
14. How does Beth feel about gardening?
 - A. She wants to grow everything she eats.
 - B. She hasn't learnt from her mistakes.
 - C. She needs to work harder in her garden.
 - D. She has learned plenty of useful tips.
15. What would Beth text her friend about gardening?

A. I'm so excited about my new hobby, it's not only fun but I hope I'll make money out of it one day.	B. Gardening is so hard, you have to spend a lot of money and it's stressful, too.
C. I'm now spending lots of time watching my parents do the gardening and it looks great.	D. Gardening needs lots of skills and money but it's certainly worth it, I love it.

PART 4 Questions 16-20

Five sentences have been removed from the text below. For each question, choose the correct answer. There are three extra sentences which you do not need to use.

Achieving your dreams

A psychologist reaching out to teens around the world

16 ☒ C To you, I say, you are more able and amazing than you know. Follow your dream no matter how ambitious it may appear to others. It is the dreamers who bring positive change to the world. So if somebody doesn't support or understand your dream, just smile and think to yourself, "Don't believe me? Just watch!"

Some people insist that the 'rules of success' are very black and white. 17 ☒ E Following 'the rules' may not be the best way to get you where you want to go. Your dream can be a very simple one, or a very complicated one. The truth is the world needs your dream to develop, so take a look at what I think are the truly important things to consider when following your dream.

You can try to be perfect, but one person's idea of what is perfect is always different from another's. In fact, I believe it is our weaknesses that make us special. You can be the most brilliant, talented person in the world, but if you lack the enthusiasm, passion and excitement for what you do, then it doesn't matter how good you are. You may not be the best at what you do, but if you have great enthusiasm, you will reach your goal. 18 ☐ A Enthusiasm creates dreams; talent does not.

When you have a big dream for your life, people like to tell you that you aren't being realistic. 19 ☐ D I think that when it comes to having a dream, being realistic and sensible aren't helpful. These are simply limitations that we have placed upon ourselves. When we experience a challenge, it is not a problem; it is part of the journey itself. Otherwise, it would not be there. Every step you take is one step closer to your dream becoming a reality. The important ingredient for realising your dream is hope. 20 ☐ C It can change the world.

- A. On the other hand, others who are more talented may not.
- B. You should never try to do anything that is difficult.
- C. Hope is belief - belief in yourself and belief in the power of possibility.
- D. Many of you may be afraid to do what you really love.
- E. I believe that you should always obey the rules.
- F. Well, I say that you do not need to know the details of how your dream will happen.
- G. It's very important that you listen to this advice.
- H. I disagree, I believe there is a HUGE grey area.
