

KET- LESSON PLAN 24/06/2026

Commences the lesson with a pair-speaking activity. Students identify the appropriate future form to use when answering the given questions.

Introduces new vocabulary with meanings. Students build sentences using the given words, and guidance is provided where necessary.

Asks students to build a story in the past tense based on a series of pictures. Students then read their stories aloud to the class.

Engages students in a Speaking Part 2 activity conducted in pairs. They ask and answer questions related to different shows.

Introduces Unit 10, which focuses on seasons. Displays pictures of the four seasons and encourages students to make and answer questions related to them.

Guides students in completing Listening Activity 02 and Activity 71.

Introduces the four types of weather and engages students in a partner discussion about weather and related experiences.
