

KET - LESSON PLAN - 25.03.2026

- Begins the lesson by recalling the use of have to and don't have to, appreciating students who complete their homework and noting that feedback has already been provided.
- Asks students to list classroom objects and guides them through writing and speaking activities to reinforce their understanding.
- Asks students to read three short texts about different students and assists the class in answering comprehension questions, encouraging careful reading and discussion.
- Introduces object pronouns using a poster, explains their use in sentences, and guides students through related exercises to practice applying them correctly.
- Discusses educational verbs, provides examples, and supports students as they complete exercises to strengthen their understanding.
- Guides students through Reading Part 5, focusing on messages and texts, helping them interpret information and answer questions accurately.
- Ends the session with a speaking activity, giving students the opportunity to express their ideas and use English in a practical context.
